Subject: Meeting on Thursday with FHWA/TxDOT

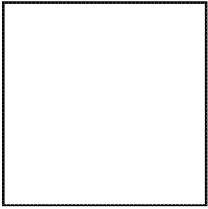

Good morning Kimeka,

We are set for our meeting with EPA for Thursday (September 11th) from 10:00 a.m. to 12:00 p.m. I was following up with you on the talking points from our previous conversation. I can produce an agenda based on those talking points and cover the remaining comment responses with whatever time we have remaining. Per our previous conversation, you indicated EPA was going to use a designated Conf. call in number. Can I get that number to put on the agenda? Thank you for all your coordination efforts. We look forward to meeting with EPA.

Sincerely,

Christopher Amy

EPA has been in communication with HUD. Also, HUD has a connection to this project, a part of a federal agency partnership, and participated in the Livability Summit on last week. HUD would like to participate in the conference call scheduled on tomorrow, Wednesday, October 22, 2014 at 10 am. EPA does not have any objections. Please let me know by 5:30 pm today if there are any questions or comments.

Hello Kimeka,

I wanted to see if the EPA would be available for an update call with TxDOT next Wednesday. This update will be to answer questions on the distribution of the materials for the Livability Summit and some of the items currently being prepared for the neighborhood sustainability plan. FHWA and TxDOT met this week in preparation of the Livability Summit and to discuss the particulars for preparation of the neighborhood sustainability plan. We discussed the benefits of having a meeting with EPA after the summit to discuss the outcome, community feel and action items identified during the open forum. We were looking at our schedules and it looks like FHWA and TxDOT are available on October 22nd from 10:00 a.m. To 12:00 p.m. If that date and time works for EPA folks I can set something up and create an rough agenda. Have a great weekend.

Subject: RE: Harbor Bridge Project - Meeting with TXDOT and FHWA

Hello Kimeka,

I will call you first thing in the morning. I was in a meeting this afternoon when you called. I think Thursday afternoon would still work best for everyone's schedule at FHWA and TxDOT. We can discuss the best time or if there is another day that is better. Thank you.

Sincerely,

Christopher Amy

Hey Kimeka

Attached please find OEJs comments, which have been run through OFA and OSC here at HQ. Let us know what the next step in talking through these is.

Thanks,

Subject: Harbor Bridge FEIS - Divisional War Report

Please review and approved the following summary for this week CAED War Report:

Harbor Bridge Project Final Environmental Impact Statement

On January 20, 2015, EPA Region 6 submitted a letter to the Federal Highway Administration (FHWA) and Texas Department of Transportation (TXDOT) regarding the Harbor Bridge Project Final Environmental Impact Statement (FEIS). The FEIS evaluates the effects of replacing the Harbor Bridge and reconstructing portions of U.S. 181, Interstate Highway 37 and the Crosstown Expressway. Additionally, the FEIS describes and analyzes the potential effects from four alternative actions and the No Action alternative relating to land use, modes of transportation, public services and utilities, economic and employment conditions, community demographics and environmental justice, air quality, traffic noise, water resources, flood plains, soils and geology, vegetation and wildlife, threatened and endangered species, cultural resources, hazardous materials, and visual and aesthetic resources. Based on requirements and responsibilities under Section 309 of the Clean Air Act, the National Environmental Policy Act, and Council on Environmental Quality regulations, EPA continues to have concerns regarding environmental justice and mitigation of adverse effects. Presently, EPA is awaiting for TXDOT's and FHWA's Record of Decision for the proposed federal project. This project was a collaboration between various regional and headquarter offices and programs. Chris,

I wasn't able to open any of the files, and we're a bit past January. Is this to be a report on prep for an upcoming meeting or an account of a previous one?

Good afternoon folks,

Attached is the draft materials and mail out flyer related to the the Sustainability Workshop scheduled for next Thursday, January 29th. The attachments include:

- A draft powerpoint presentation with topic points to be discussed during the workshop;
- Draft topic questions to be shared with attendees during the workshop "round table" discussions;
- The invite flyer sent out to the CAC members and residents of Hillcrest and Washington Coles Neighborhoods.

If you have any comments and questions please give me a call or send me an email. We would appreciate any recommendations regarding presentation materials by close of business on Monday, January 26th.

Sincerely,

Christopher Amy

Subject: Agenda for the Harbor Bridge Update Meeting on the 12th

Based on discussions, the Agency is expecting 7-8 individuals on behalf of TXDOT and FHWA (including consultants) for the meeting. When you arrive at the 7th floor check-in area, please have the receptionist contact me, in order to escort you to the designated conference room. For individuals participating remotely, the conference line is 866-299-3188 and access code is 214-665-7438.

Also, please see the specific agenda items and document requests provided to TXDOT and FHWA to be addressed in the meeting. Please affirm when TXDOT and FHWA will provide the EJ mitigation plan, preliminary responses to DEIS' detailed comments, requested documents, etc.

As relayed previously, a representative from the City of Corpus Christi will be participating in the meeting via conference call. Individuals from the Agency's Office of Federal Activities, Office of General Counsel, Office of Environmental Justice, Air Program, and NEPA Program will be participating in the meeting.

If you have any additional questions, please let me know. I look forward to receiving the documents for review.

Subject: Harbor Bridge Project - Divisional WAR

Craig,

Please review and approve the following summary for the Divisional WAR this week:

Harbor Bridge Project, Corpus Christi, Texas. Various Regional and Headquarter Offices of EPA met with the Federal Highway Administration (FHWA) and Texas Department of Transportation (TXDOT) to discuss preliminary responses to EPA's detailed comment letter regarding the subject project and proposed mitigation measures for adverse effects. A subsequent meeting is being planned for the week of September 22, 2014, to discuss: details around the sustainability plan for environmental justice communities affected by the proposed project, elements of the sustainability plan, and implementation. Contact: Kimeka Price, (214)665-7438.
